

# What is the Remote Early Childhood Supports Program (RECS)?

Remote Early Childhood Supports (RECS) help Aboriginal and Torres Strait Islander children and their families who require help to grow, learn, play and develop well.

**KimberleySupports**  
Connect. Link. Grow.

## Goals of the Program

To work with families to support their child's development in home, school and community.

## We can help with:

- Talking
- Moving
- Playing
- Writing
- Eating
- Sleeping
- Toileting
- Listening
- Emotions
- Learning

Connect. Link. Grow.

---

We help your child with play, learning and everyday activities.

---

- Work with you to understand your child's needs
- Look at information and reports about your child that you might have
- Offer some information and tools that may help you
- Talk about therapy and supports that may help your child
- Help you put the tools into place

---

To join your child will need to

---

- Identify as an Aboriginal or Torres Strait Islander person
- Be aged 0-9 years old

We are here to support you

If you would like to yarn about how we can support you and your child, give us a call.

### Speech Therapist

We help your child with talking, listening and eating.

### Occupational Therapist

We help your child with play, learning and everyday activities.

### Family Support Worker

We support your journey so your child's needs are being met in a way that suits your family and culture.
